

## ***Space-Related Conferences And Trade Shows In 2026\****

Space applications represent a distinct set of applications for power supplies, dc-dc converters, battery chargers and related power products. These space-grade power converters must meet specific electrical, mechanical, and environmental requirements including radiation hardness.

Industry conferences and tradeshow devoted to space technologies present special opportunities for power converter and power component vendors to market products specifically developed for space applications. Conversely, for designers of space equipment and systems, these events may offer opportunities to learn about the latest power products and interact with vendors.

This list of selected conferences and tradeshow identifies some of the events in 2026 where suppliers and users of power converters and power components for space may meet. Some of these events may also offer technical sessions addressing issues relevant to power system design. Sponsored by [VPT](#).

*\*Updated 03-30-2026*

### ***January:***

#### [European Space Conference](#)

Europe's Space Domain at a Crossroads

January 27-28, 2026

Square – Brussels Convention Centre

Brussels, Belgium

***50 Space-  
Related Events  
in 2026!***

#### [Commercial Space Week](#)

Includes Space Mobility Conference & Expo; SPACECOM, The Global Commercial Space Conference & Exposition, Space Congress and GSA Spaceport Summit

January 28th - 30th

Orange County Convention Center

Orlando, FL

#### [ISIEX](#)

International Space Industry Exhibition. "Space" to a new business stage.

This event "will be held with the aim of opening up the global market for space development and utilization of various excellent technologies and services, including Japanese manufacturing, and leading to the growth and expansion of the space industry in Japan and the world."

January 28-30, 2026 (in-person)

January 21-February 13, 2026 (online)

Tokyo Big Sight

Tokyo, Japan

**February:**

[Smallsat Symposium](#)

Smallsat Business Defined.

February 10-12, 2026

Computer History Museum

Mountain View, CA

[MRQW](#)

Microelectronics Reliability & Qualification Workshop

February 10-12, 2026

The Aerospace Corporation

El Segundo, CA

[SSSIF](#)

Small Satellites & Services International Forum. Secure Communications And Other Dual Technologies. Workshop for small satellite designers, technicians, developers & launchers.

February 17-19, 2026

Forum

Hotel NH Málaga

Malaga, Spain

[GSAW](#)

Ground System Architectures Workshop. Ground System Disruption: Reshaping the Status Quo with Commercial Innovation.

February 23-26, 2026

Renaissance Los Angeles Airport Hotel

Los Angeles, CA

[ASCENDxTexas](#)

Interlocking Orbits—Civilian, Commercial, and Defense. "ASCEND connects the civil, commercial, and national security space sectors, along with adjacent industries, to embrace opportunities and address challenges that come with increased activity in space. The event showcases mission critical collaboration accelerating space commerce, exploration, and discovery by producing tangible outcomes to forge a sustainable off-world future – faster."

Feb 25-26, 2026

Houston, TX

## **March:**

### [Space-Comm Expo Europe](#)

"Space-Comm Is Where Europe's Space Ambition Turns Into Commercial Reality. It's The Arena Where Governments, Industry, And Capital Converge."

March 4-5, 2026

ExCeL London

London, U.K.

### [IEEE Aerospace Conference](#)

The International Conference for Aerospace Experts, Academics, Military Personnel, and Industry Leaders

March 7-14, 2026

Yellowstone Conference Center

Big Sky, Montana

### [GOMACTech](#)

Beyond the Noise. "[Government Microcircuit Applications & Critical Technology Conference] was established primarily to review developments in microcircuit applications for government systems. Established in 1968, the conference has focused on advances in systems being developed by the Department of Defense and other government agencies and has been used to announce major government microelectronics initiatives such as VHSIC and MIMIC, and provides a forum for government reviews." Micross is an exhibitor at this event.

March 9-12, 2026

Ernest M. Morial Convention Center

New Orleans, LA

### [Paris Space Week](#)

Business In Space As It Should Be

March 10-11, 2026

Espace Champerret

Paris, France

### [Satellite](#)

SATELLITE and GovMilSpace bring together the entire satellite-enabled communications ecosystem—including the defense industry—for ...[a] leading event on satellite technology. We continuously adapt to the dynamic industry landscape, expanding alongside emerging end-user markets, applications, and technologies." Crane Aerospace, Micross, and VPT are exhibitors at this event.

March 23-26, 2026

Walter E. Washington Convention Center

Washington, D.C.

[SEFUW](#)

Space FPGA Users Workshop  
March 25-27, 2026  
European Space Research and Technology Centre  
Noordwijk, The Netherlands

**April:**

[Space Symposium](#)

Building Capacity Through Innovation and Collaboration.  
April 13-16, 2026  
The Broadmoor Hotel  
Colorado Springs, CO

[HEART](#)

Hardened Electronics and Radiation Technology Conference. ITAR (U.S. citizens only).  
April 13-17, 2026  
Shreveport, LA

[CubeSat Developers Workshop](#)

April 14-16, 2026  
Cal Poly, San Luis Obispo  
San Luis Obispo, CA

[Sea-Air-Space](#)

The Navy League's Global Maritime Expo  
April 19-22, 2026  
Gaylord National Resort & Convention Center  
National Harbor, MD

[Space Power Workshop](#)

Balancing Legacy and Innovation: Accelerating Space Power Innovations with Science-Enabled Agility  
April 21-23, 2026  
Torrance Marriott Redondo Beach Hotel  
Torrance, CA

Notes: This workshop covers many power-related topics as they relate to space including energy storage (particularly batteries), power generation including solar cells, and power management and distribution (PMAD).

### [EMA Expo](#)

“Join us for the third annual EMA Expo, a must attend event for breakthroughs shaping aerospace, electronics, transportation, and space industries. Discover proven techniques, next-gen tools, and real-world strategies to confidently tackle EMC, E3, RF interference, and space environment effects and gain valuable insight into how combining simulation and measurement leads to faster designs, improved accuracy, and reduced risk.”

April 21-23, 2026

Virtual event

### [CMSE](#)

Components for Military & Space Electronics Conference and Exhibition This event is “focused on the design, reliability, and application of electronic components for use in both terrestrial applications for avionics, aerospace, and military, as well as commercial, civilian, and military space systems.” Crane Aerospace, Payton Planar, KYOCERA AVX and Magnetics (Spang) are exhibitors at this event.

April 28-30, 2026

Renaissance Los Angeles Airport Hotel

Los Angeles, CA

## **May:**

### [G-RADNEXT Workshop](#)

The Workshop For Industry On Radiation Hardness Testing Of Semiconductor Devices and Systems at the RADNEXT Facilities

May 6-7, 2026

Villa Mondragone

Frascati, Italy

### [SEE SoCS](#)

Formerly the SEE/MAPLD Workshop. “In recognition of the evolution of complex microelectronics for space usage, this event will now be know as the Single Event Effects (SEE) Symposium, featuring The Systems-On-A-Chip (SoCs) For Space Workshop”

May 11-15, 2026

Marriott La Jolla

San Diego, California

### [ICSOS](#)

IEEE International Conference on Space Optical Systems

May 11-12, 2026

Amsterdam, The Netherlands

[AOC Europe](#)

Re-Arming Europe for Electromagnetic Spectrum Superiority. Topics include electromagnetic operations in space.

May 19-21, 2026

Helsinki Expo and Convention Centre

Helsinki, Finland

[ASCEND](#)

Join Us As We Build Our Off-World Future Together. "ASCEND connects the civil, commercial, and national security space sectors, along with adjacent industries, to embrace opportunities and address challenges that come with increased activity in space. The event showcases mission critical collaboration accelerating space commerce, exploration, and discovery by producing tangible outcomes to forge a sustainable off-world future – faster."

May 19-21, 2026

Washington, D.C.

[ISSRDC](#)

International Space Station Research & Development Conference. From the ISSRDC website, "The International Space Station National Lab has been in discussions with AIAA to launch a partnership in 2026, combining the AIAA ASCEND and ISSRDC conferences. This joint event will leverage the strengths of both organizations to foster community growth and innovation. We believe this approach offers a thoughtful solution to a complex challenge—enabling stronger collaboration and better outcomes for the community we serve."

[SPACOMM](#)

International Conference on Advances in Satellite and Space Communications

May 24-28, 2026

Venice, Italy

[Space Parts Working Group](#)

"The Space Parts Working Group (SPWG) is an international forum to disseminate information to the aerospace industry and to resolve problems with high-reliability electronic piece parts needed for space and missile applications."

May 5-6, 2026

The Aerospace Corporation

El Segundo, CA

[SPEXA](#)

Space Business Expo

May 27-29, 2026

Tokyo Big Sight

Tokyo, Japan

**June:**

[Space Tech Expo USA](#)

Payton Planar is an exhibitor at this event.

June 2-4, 2026

Anaheim Convention Center

Anaheim, CA

[ISDC](#)

International Space Development Conference. "Space For Us All. Sessions include the Space Solar Power Symposium."

June 4-7, 2026

Hilton McLean

Tysons Corner, VA

[MILSATCOM USA](#)

Driving Satcom Innovation To Ensure Warfighter Advantage

June 8-10, 2026

Arlington, VA

[NSMMS & CRASTE Symposium](#)

National Space & Missile Materials Symposium and Commercial And Government Responsive Access To Space Technology Exchange

June 22-25, 2026

Columbia, SC

[SmallSat & Space Access Summit](#)

Deploying Resilient Architectures To Bolster Space Superiority

June 25-26, 2026

National Harbor, MD

**July:**

[NSREC](#)

IEEE Nuclear and Space Radiation Effects Conference. Crane Aerospace & Electronics, Microchip and VPT are exhibitors at this event.

July 20-24, 2026

Sheraton Hotel in San Juan

San Juan, Puerto Rico

Notes: This event is a great source of information on rad-hard power semiconductors and power converters with many vendors of these products participating in the exhibition. For power product news from NSREC 2025, click [here](#).

[PEASA](#)

IEEE Workshop on Power Electronics for Aerospace Applications, This event is an "international forum for research aligned with the IEEE Power Electronics Society Aerospace Technical Committee (TC11). The workshop features technical presentations on power generation, energy storage, power management and distribution, propulsion electronics, and lunar infrastructure, as well as specialized components like power semiconductors, FPGAs, and magnetics."

Johns Hopkins University Applied Physics Laboratory

Laurel, MD

July 28-30, 2026

**August:**

[SMC-IT/SCC](#)

IEEE Space Mission Challenges for Information Technology—IEEE Space Computing Conference

August 3-7, 2026

Hilton Pasadena

Pasadena, CA

[SMD](#)

Space and Missile Defense Symposium. Defending America at Home and Abroad. A "leading educational, professional development and networking event in the space and missile defense community. The symposium is widely attended by leaders and professionals from the United States and our allies around the world." Crane Aerospace & Electronics and Micross are exhibitors at this event.

Aug 11-13, 2026

Von Braun Center

Huntsville, AL

### [Small Satellite Conference](#)

The Clouds Above The Clouds. Micross is an exhibitor at this event.

August 23-26, 2026

Salt Palace Convention Center

Salt Lake City, UT

Notes: Exhibit includes some rad-hard power semiconductor manufacturers.

## **September:**

### [BSX Bengaluru Space Expo](#)

A biennial international exhibition and conference. This event "serves as a premier platform for industry leaders, innovators, and enthusiasts to gather, exchange ideas, and explore the most recent advancements in space technology." Micross is an exhibitor at this event.

September 2026

Bengaluru, Karnataka, India

### [RADECS](#)

The RADiation Effects on Components and Systems Conference. Crane Aerospace and VPT are exhibitors at this event.

September 28-October 2, 2026

Prague Congress Centre

Prague, Czech Republic

## **October:**

### [ESPC](#)

European Space Power Conference

October 5-9, 2026

Estoril, Portugal

### [IAC](#)

International Astronautical Congress 2026. The World Needs More Space.

October 5-9, 2026

Antalya, Turkey

### [SPCD](#)

Space Passive Component Days

October 13-16, 2026

Space Research and Technology Centre of the European Space Agency (ESA/ESTEC)

Noordwijk, The Netherlands

[Silicon Valley Space Week](#)

October 27-29, 2026

Computer History Museum

Mountain View, CA

**November:**

[RHET](#)

Radiation Hardened Electronics Technology. ITAR – US Citizens only. For more information contact [Teresa Farris](#).

November 2-5, 2026

DoubleTree Mission Valley

San Diego, CA

[APSCC](#)

Annual gathering for the Asia-Pacific satellite and space community. "At the Forefront of shaping the future of satellite and space industry"

Nov 3-5, 2026

Denpasar Bali, Indonesia

[Space Tech Expo Europe](#)

Crane Aerospace & Electronics and Micros are exhibitors at this event.

November 17-19, 2026

Congress Bremen—Messe Bremen

Bremen, Germany

[CyberSat](#)

Nov 2-5, 2026

Reston, VA

*Know of a conference or tradeshow addressing space technology that is not listed here? Email the [editor](#) to tell How2Power about it.*

**Coming in 2027:** [ACCEDE-ESCCON](#)
